

Dear Librarian,

We are the Cross Trails chapter of the National Society Colonial Dames of the XVII Century. One of our society objects is "to aid in the education of our youth". We are a lineage society and strive to continue to promote an interest in American history and patriotism.

We are pleased to present your school library with these volumes of American history that present the important historical events of the Mayflower and Women's struggle for the right to vote. Included are book labels to be placed in the Volumes where you decide the appropriate location.

We have also included an American flag and a tent card with the American Creed On one side and the Preamble to the Constitution on the reverse side. We are hoping that you will set these items up on display to remind students Of our freedoms and our American heritage.

The brochure is also included to relate more information about our society and Contact information about our chapter.

We sincerely hope these books will continue to provide students with the Important facts about our country's story.

Thank you for your kind attention,

Anna Weil  
President-Elect

Jennifer McStravick
